

Sunday Church Nursery

Masks are welcome!

We request that any adult who is not fully vaccinated to please wear a mask when in the nursery.

We also ask that any adult entering the Church Nursery have a mask available and be amenable to wearing a mask if requested.

Families are welcome to ask the Church Nursery Staff to wear a mask at any time. The Nursery Staff will warmly welcome any request in the efforts to support families.

If you would like your child (over age 2) to wear a mask while in the nursery please provide a mask and let the Nursery Staff know your preference.
